Representing the finest clerks, recorders, election officials & treasurers.

iGO Education

iGO's business partners participate actively in educational learning sessions, roundtable discussions, best practice development, and one-on-one interactions.

Business partners have the opportunity to present or join in on free monthly webinars which reach government officials who may not be able to attend conferences.

Business partners network with potential and current customers across the U.S. and internationally, sharing advice on issues faced by clerks, election officials, recorders and treasurers.

iGO Conferences

iGO holds two national conferences each year. Both conferences are packed with learning sessions, best practice discussions, and one-on-one networking opportunities.

The Annual Conference is held in the summer and includes the iGO Trade Show. Business partners enjoy priority booth selection at the Trade Show, plus discounted booth prices and conference attendance fees. The Trade Show allows business partners to interact with conference attendees, showcasing their latest technologies.

The Mid-Winter Conference allows one-on-one interaction with government officials while business partners participate in discussions on issues government officials are facing.

iGO conferences are where to GO to meet leaders and practitioners.
