iGO Education

iGO focuses on education and professional certification for government officials to help them succeed at their jobs. Various formats are used including learning sessions, roundtable discussions, best practices, and one-on-one interactions.

Joining iGO grants access to free monthly webinar on topics pertinent to the duties of Clerks, Recorders, Election Officials and Treasurers.

iGO monitors national issues that affect members and provides information on the hottest topics.

Members network with others across the U.S. and internationally, sharing advice on issues faced by peers.

iGO Conferences

iGO holds two national conferences each year. Both conferences are packed with learning sessions, best practice discussions, and one-on-one networking opportunities.

The Annual Conference is held in the summer and includes the iGO Trade Show. The Trade Show allows conference attendees to interact with business partners to experience the latest technologies.

The Mid-Winter Conference also involves members in the organization's development through its committees.

iGO conferences are where to GO for professional education and learning from your peers.
